

Digital Image and Video Permission to Publish Form

The Cherokee County School System is connected to the public Internet. The public Internet is a place where parents, educators, and other individuals can receive and view information. The public Internet and information published on the public Internet is available worldwide.

Some of the pages of information may contain electronic images (photos/videos) of activities occurring at schools and/or student work completed as part of a classroom assignment. This form is to request permission for the display of electronic images (photos/videos) and/or the work of your child on the Internet. The images and/or student work will be available over the Internet.

Please check the appropriate box below, sign, date and return this permission form indicating your preference for the display of your child's electronic image and/or work on the public Internet.
